AMENDMENT

In response to the Office Action, mailed May 13, 2002, Applicant requests that the above-captioned patent application be amended as follows:

IN THE DRAWINGS

Please cancel Figure 1, Figures 2a and b, Figure 4, Figure 6, Figure 7, Figures 8a and b, and Figures 9a and b, and substitute new Figures 1a, b, c, d, e, f and g; Figures 2a, b, c and d, Figure 4, Figure 6, Figure 7, Figures 8a and b, and Figures 9a, b and c appended hereto.

IN THE SPECIFICATION

The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. Correction is require due to the claim language being generally broad and disconnected from content of the specification. Therefore, most of the claims have been rewritten to enable them to draw on the language of the specification.

Furthermore, applicant is providing two accompanying documents. The first is an Amended Specification (as per the requests for amendments below), please substitute this Amended Specification for the Specification of record. The second document is a Comparison
